Global Environmental Education Partnership (GEEP) Asia-Pacific Regional Center

2026 International Online Workshop on Environmental Education

1. Background

Since 2021, the Global Environmental Education Partnership Asia-Pacific Regional Center (GEEP APRC) has been organizing international environmental education exchanges across the Asia-Pacific region. Through these international workshops, experts, scholars, and youth changemakers have shared their experiences, fostering cross-border dialogue and knowledge sharing.

In 2026, the GEEP APRC will continue connecting partners online to address environmental and sustainability issues, convert the United Nations Sustainable Development Goals into concrete actions, and strengthen regional cooperation.

2. Theme and Objectives

Under the theme “Circular Economy: From Knowledge to Action,” the workshop will connect circular economy principles with social practice through environmental education. It aims to promote policy exchange, knowledge sharing, and international cooperation across the Asia-Pacific region.

Key focus areas include:

- Climate Adaptation and Environmental Resilience
- Resource Circulation and Sustainable Living
- Green Innovation and Action
- Asia-Pacific Youth Internships and International Exchange Salon

3. Date and Format

- Date: Friday, November 27, 2026
- Format: Online video conference via Cisco Webex.

4. Participants

The workshop will bring together more than 80 participants, including environmental education experts, youth changemakers, and practitioners from Taiwan and the Asia-Pacific region, to share experiences and practical cases so as to foster cross-border dialogue.

This global event is open to anyone interested in environmental education. Please register via the online form:
